

CITIZENS DEFEY GOVERNMENT.

Will Cut Levee on Arkansas to Save Town.

Pine Bluff Business Center in Danger From Flood.

Warehouses Swept Away—Near-Panic in City.

(BY DIRECT WIRE TO THE TIMES.)

PINE BLUFF (Ark.) Nov. 30.—[Exclusive Dispatch.] At a mass meeting of business men today, a motion was carried to deft the United States government and cut the levee on the north side of the Arkansas river, in order that the lowest center, including the \$200,000 Courthouse, \$150,000 Jefferson Hotel, and four blocks of business houses might be saved from a flood coming down the Arkansas river. The river has been caving here for weeks.

Several warehouses have been carried down stream and the river is now just a few feet from the rear walls of the big Hotel Jefferson, the costly county Courthouse and other structures along the river front.

Reports of a slight foot rise in the Arkansas river above this point, have almost caused a panic here. With the steady rains days past, the levee may be rising water, large sections of the river bank are caving in.

Four large warehouses were practically destroyed by water a month ago, and a two-story warehouse is on the brink.

GOVERNMENT WARNINGS. Special Government Weather Bureau warnings were sent out tonight announcing a flood stage at Dardanelles, Ark., within the next forty-eight hours. On account of the low stage of the Mississippi river the current from the Arkansas above here will descend the river bed at a swift rate. It is in this condition that places property along the river front in Pine Bluff in jeopardy.

The postmaster and river observer at Pine Bluff and the commander of the government fleet repair boats, now here, were warned from the Weather Bureau. Warning was also given to officials in the Plum Bayou levee district at England to look out for a danger stage.

Information received here today from Fort Smith by the Weather Bureau, told of the river having reached a stage of twenty-three feet at that place at 5 p. m., having risen fifteen feet within sixteen hours. That hour it was still rising, but rains west of Fort Smith had stopped.

HOUSES SWEEP AWAY. [ASSOCIATED PRESS NIGHT REPORT.] TULSA (Okla.) Nov. 30.—The flood, which is the third this year, is doing much damage in the vicinity of Tulsa, the Arkansas river being higher than ever before.

Bird Creek, Sand Creek, and Verdigris river have all risen and swept away houses, bridges and fences. No deaths have been reported yet, but great damage has been done to oil fields, farm lands and railroads.

All railroads in this section are badly crippled. Shady Mountain Park here is inundated, and the waterworks plant has been damaged.

The water is rising. The town of Jenks, south of here on the Midland Valley Railroad, is partly under water. Communication with the oil fields is completely severed.

Improvement AT GUTHRIE. [ASSOCIATED PRESS NIGHT REPORT.] GUTHRIE (Okla.) Nov. 30.—The flood situation was greatly improved here this morning.

At daylight, with the water receding at the rate of a foot an hour, only a few blocks in the lowlands of the city were still inundated.

There was no loss of life in the flood, but many families were forced to abandon their homes.

The damage is estimated at \$250,000. Besides the loss on buildings and machinery, much live stock was drowned and many bales of cotton were washed down the Cottonwood river.

Twenty Feet in Night. [ASSOCIATED PRESS NIGHT REPORT.] MUSKOGEE (Okla.) Nov. 30.—As a result of thirty hours continuous rain, the Arkansas river rose here twenty feet last night. The Verdigris and Grand rivers have overflowed and swept away a number of bridges.

Felt in Kansas. [ASSOCIATED PRESS NIGHT REPORT.] COFFEYVILLE (Kan.) Nov. 30.—The Verdigris river is again flooding the bottom around Coffeyville, but the damage is not so heavy as during the inundation a month ago, nearly everything in the fields being washed away at that time.

Expectant. [ASSOCIATED PRESS NIGHT REPORT.] MAY "RECONSTRUCT" CRIME BEFORE HER.

Police, Fearing an Outbreak, Are Taking the Most Precautions to Protect the Woman and all France Stands on Tiptoe for the Coming Revelations.

[ASSOCIATED PRESS NIGHT REPORT.] PARIS, Nov. 30.—The investigation of the Steinheil case did not make any great advance today. M. Andre, the examining magistrate, heard only a few secondary witnesses. The most important results are expected from the lengthy examination of Mme. Steinheil which has been fixed for tomorrow, and then the magistrate will decide from the evidence whether the "reconstruction" of the crime in the presence of Mme. Steinheil will be necessary.

Extraordinary precautions are being taken in view of a possible hostile demonstration tonight. Mme. Steinheil will be brought to the court at an early hour and will be kept henceforth in the conclave. It is announced tonight that Mme. Steinheil's counsel, M. Aubin, will retire from the case. The reason given for this is that he took it up prior to the criminal indictment, but that he now prefers to turn it over to a special Assize Court advocate, as he is not versed in that class of work.

CASTRO NOT ALLOWED TO VISIT GAY "PAREE."

(ASSOCIATED PRESS NIGHT REPORT.)

PARIS, Nov. 30.—The French government is giving consideration to the question as to how President Castro of Venezuela shall be treated on his arrival at Bordeaux. After the ignominious fashion in which the French Minister was expelled from Caracas, the government feels that it would be justified in refusing to allow the President of Venezuela and aides to land.

President Castro is reported to be ill and humanitarian considerations prevent the government from taking such a course. It is probable, therefore, that a port official will be designated to board the steamer Guadalupe and ascertain his intentions. If he desires to be treated at Bordeaux he will be allowed to remain there and if at Berlin he will be given a passport.

NEWS IN BERLIN. [ASSOCIATED PRESS NIGHT REPORT.] BERLIN, Nov. 30.—Neither the Venezuelan Minister nor Prof. James Israel has heard anything as yet regarding the report that President Castro of Venezuela is to be operated on by Prof. Israel when he arrives at Bordeaux.

EMPEROR, ANGRY, MAY DROP VON Aehrenthal

(BY DIRECT WIRE TO THE TIMES.)

VIENNA, Nov. 30.—[Exclusive Dispatch.] Extremely important developments in the Balkan situation are expected before the end of this week, such as are likely to change the entire political outlook. The Emperor is understood to be exceedingly angry at the way his ministers have mismanaged the affair, causing Austria-Hungary to be regarded with suspicion and dislike by practically the whole of Europe.

His Majesty himself is inclined to pursue a much more pacific and conciliatory policy. There is convincing evidence, which soon may become public, that Foreign Minister von Aehrenthal's position, which has been insecure for some time, has been further weakened by France's refusal to intervene with Turkey in order to end the boycott on Austrian goods. Well posted people are quite prepared to see a new foreign minister before long.

The correspondent of The Times learns from a high quarter that rumors to the effect that Emperor Francis Joseph will take occasion on the jubilee to renounce a portion of the functions of reigning in favor of Prince Francis Ferdinand, are entirely baseless. The monarch means to remain Emperor and King as long as he is able to reign at all.

FERDINAND FOR HARMONY. [ASSOCIATED PRESS NIGHT REPORT.] SOFIA (Bulgaria) Nov. 30.—Emperor Ferdinand granted an audience last evening to a delegation from the National Assembly. President Blawieff, read the reply of that body to His Majesty's speech from the throne.

The Emperor responded in patriotic vein. He placed the crown and sword on the table and said he was proud, after long centuries, to restore the broken chain of the Bulgarian empire. He placed his dependence, he said, upon the stalwart national qualities and the marvelous courage and perseverance displayed by the Bulgarian people in times of distress.

Prince Cyril, the second son of the Emperor, a boy of 12, also was present at the audience and conversed with the deputies in an animated manner. Dragislav Bakaloff, a member of the opposition party, which is anti-monarchical, declined to attend the function at the palace.

In spite of rumors that he has suffered from a high fever, the health of Emperor Ferdinand is excellent. RIOTERS ATTACK EMBASSY. [ASSOCIATED PRESS NIGHT REPORT.] ROME, Nov. 30.—Thousands gathered yesterday in a mass meeting for the purpose of expressing disapproval of the attitude of Austria. Three deputies delivered speeches in which they denounced the Austrian policy. After the meeting, rioters attempted to force the Austrian embassy, but were prevented by troops.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Nov. 30.—[Exclusive Dispatch.] The first real blizzard of the season involving a possible snow storm and a temperature drop of 35 degrees, is now whirling eastward and Chicago is directly in the path of the center of the storm. The cold weather of the season is expected to usher in the first of the winter months. Chances favor a "white" first of December. Today's maximum temperature was 35 and the minimum 24 degrees. Middle West temperatures:

INCITING BLACKS TO FIGHT. [BY DIRECT WIRE TO THE TIMES.] CHICAGO, Nov. 30.—[Exclusive Dispatch.] "Negroes, arm yourselves for defense in any race riot. This is the advice handed out by leaders of the race today during their anger over the Springfield jury's failure to convict the alleged leaders of the recent race riot there. Julius Taylor, editor of the Broad Ax, was among the negroes demanding that men of his race shoot down any members of a mob which invaded their quarters. The fiery declaration finds its source in the verdict in the case of Abraham Raymer, charged with lynching and with being the leader.

to refuse the request for a retrial of the Dreyfus case. It claims now that Adolf Steinheil, who was found dead in his residence in Paris last May, was murdered with the connivance of his wife and the political police, and that the object of the crime was to obtain possession of certain letters written by M. Faure, which, the paper alleges, compromise men now active in public life.

Continuing, the Libre Parole says that Steinheil was fully conversant with his wife's manner of assassination, that he had possession of papers for which he demanded \$200,000. This sum was, they implied, considered exorbitant, and consequently the arrangement was perfected with Mme. Steinheil to burglarize the house, she to take advantage of the occasion to rid herself of her husband.

The paper gives the name of the detective who it alleges, directed the operation, and it declares that the name of the actual assassin has been disclosed by Mariette Wolf, who was a cook in the service of Mme. Steinheil. No documents, however, were found,

as Steinheil had confided them to the keeping of a friend. The assassin's house was ransacked, only to find that the papers had been removed to Switzerland. M. Ogier, director of the laboratory of toxicology, has begun an analysis on the skin found in the Steinheil residence after the crime. His labor will require one week. He is not hopeful of the result, believing the glasses were either washed after the last meal of the victim's family, or if narcotics were used in them, all traces have since evaporated or been absorbed.

MARK TWAIN'S BIRTHDAY. REDDING (Cal.) Nov. 30.—Samuel L. Clemens (Mark Twain) passed his seventy-third birthday quietly at his home today. As was his custom, Mr. Clemens took his morning ride, paying the remainder of the day with his household.

Loans Made on Real Estate. At 7 per cent. Jones & Ryder Loan Co., 219 W. Third st.

William J. Biggy, San Francisco's late Chief of Police, who was drowned last night.

CHIEF BIGGY DROWNS.

(Continued From First Page.)

has been moody and bitter because of the charges of incompetence that the graft prosecution have made against him in connection with the suicide of Morris Haas in the County Jail after he had shot Henry. He was blamed for the fact that Haas had a pistol with which to kill himself.

Biggy came into prominence in connection with the Ruff bribery case when he was appointed clerk for Ruff during the time that the prisoner was quartered at the St. Francis Hotel. He was appointed to that position by Henry and Laundon, who at that time made much of him. As soon as the Haas case came up, however, they turned on him and branded him as a traitor.

They threatened to oust him from his position, and it is known that this caused him great worry. Biggy brought charges against Capt. Duke, a few days ago in connection with the Haas case, and it was openly charged that he was trying to shift the responsibility.

While Lieut. Carroll does not look upon the fact that the chief had no fellow officers on board as at all suspicious, he thinks it may throw in a remote degree some light upon the tragedy. While on his trip with the launch, he had frequently noticed that the slightest movement of the launch caused him to suffer from seasickness.

While it was not rough on the bay last night, Carroll believes that the illness of the chief was due to a recurrence of this malady. He cannot understand, however, how he should have lost his balance as the bay was not rough and the cabin of the launch was well protected.

He thinks it possible that the chief was a good swimmer, but might have reached Alcatraz Island in safety and as soon as he received word of the accident, a message was sent to the commanding officer to have the launch sent for. The launch, which was the shore of the island, playing its searchlight along the beach and into the small bays of the indented shoreline. The city water front was also searched in the same manner, but no trace of the missing official could be found.

STORY TOLD BY ASSOCIATED PRESS. [ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Nov. 30.—William J. Biggy, Chief of Police of this city, was drowned last night while returning across the bay in the police patrol launch Patrol. Chief Biggy had been at Belvedere, a suburb, to call on Police Commissioner Kell, who resides there. He boarded the launch to return to the city about 10 o'clock, and when the boat was out on the bay, he complained of feeling cold to Engineer Murphy, the only other occupant of the launch. Murphy advised Biggy to go to the cabin at the stern of the boat.

Murphy then went below to attend his engine and did not see the Chief again. He came on deck as the boat neared the city and noticed that the Chief had disappeared. He searched the boat failed to locate him and Murphy made all speed to the dock, where he reported the accident and went out into the bay again to search for the missing officer. Numerous boats were hurried to the scene and a careful search of the bay was begun.

SUICIDE THEORY. Ever since the suicide of Morris Haas, the man who attempted to kill Asst. Dist. Atty. Francis J. Heney and who later took his own life at the County Jail, the relations between Chief Biggy and the graft prosecution have been strained to the breaking point.

Charges and counter-charges have been filed by both parties to the controversy in the attempt to fix the blame for the fact that Haas had secured a pistol while in jail. Charges of incompetence and dereliction of duty have been filed against the chief and in return he filed similar charges against Captain of Police Duke, who searched Haas in the courtroom, and against Detective Bergi. Thomas F. Burke, who was in charge of Haas at the jail.

William J. Biggy was appointed chief of police by Mayor Taylor after the latter had been placed in office following the removal of Mayor E. E. Schmitz. Biggy succeeded Jeremiah P. Dinan, against whom the grand jury returned an indictment in connection with the bribery graft cases.

When Abraham Ruff was arrested the prosecution asked that Biggy be appointed clerk and be given custody of the prisoner. For eight months he held this position and at the expiration of that time was appointed chief of police in September 1907, through the influence of the graft prosecution. Biggy was formerly a police commissioner and was married to a woman who was estranged from his second wife. He leaves two children by his first wife and one by the second.

TAFT WILL SPEAK. PHILADELPHIA, Nov. 30.—Announcement was made today by the University of Pennsylvania that President-elect Taft would deliver the oration at the university celebration to be held on Washington's Birthday.

ATLANTIC FLEET. MANILA, December 1.—With no ceremonies other than the cheering of the thousands of people thronging the water front marking the departure, and accompanied by several coastguard cutters and a few launches from Manila to exchange final farewell salutes, the Atlantic fleet, under Rear Admiral Sperry, started promptly at 5 o'clock this (Tuesday) morning on its homeward journey, and sailed for Colombo, Ceylon, the first port at which the fleet will stop on the second half of the world-encircling voyage.

Shortly before 5 o'clock the sixteen big white and buff floating fortresses began to weigh anchor, and on the stroke of the hour the flagship Connecticut, flying the double-starred pennant of the commander-in-chief, moved out from the anchorage in Cavite Harbor and headed down the bay. A little later the fleet, in double column formation, with each battleship in perfect alignment, steamed down the main road of Manila Bay.

Floating across the water from the shore came cheer after cheer, which were answered by the blue-jackets on each ship, and the water front was a flutter with the waving of the American flag.

THE PACIFIC SLOPE STATES.

HEALTH REPORT.

TYPHOID HIDES IN FISH FOOD.

Danger in Oysters, Says the State Board.

Stork Busy Bringing Native Sons and Daughters.

Cupid Works Hard Preparing for Their Arrival.

[ASSOCIATED PRESS NIGHT REPORT.]

SACRAMENTO, Nov. 30.—Dr. N. K. Foster, secretary of the State Board of Health, in his monthly bulletin, issued today, makes the somewhat startling declaration that a large number of cases of typhoid fever, and other epidemic diseases prevalent in California, are directly due to the consumption of oysters, clams and fish taken from the State rivers and bays.

He declares that the water products are diseased as a result of the pollution of the streams and bays, and says there are two ways of preventing dangerous epidemics—either people quit eating clams, oysters and fish or the sources from which they are obtained must be purified.

The living births registered in October number 348 against 234 for September. For an estimated state population of 2,419,519, the October total represents an annual birthrate of 14.3 as compared with 14.1 for September. The marriage rate for October number 196 against 189 for September, the annual marriage rate being the same for each month, 14.1 per 1000 inhabitants.

Altogether 210 deaths were reported for October, against 209 for September. However, the annual death rate for October is 14.1 per 1000 population, as compared with 14.3 for September. In October there were 82 deaths, or 14.3 per cent. of all, from diseases of the circulatory system, and 33, or 12.9 per cent. from various forms of tuberculosis, heart disease, thus leading tuberculosis slightly. Other notable causes of death in October were: Diseases of the digestive system, 23; pneumonia, 27; diseases of the nervous system, 15; diseases of the respiratory system, 18; Bright's disease and nephritis, 15; cancer, 12; and epidemic diseases, 11.

Typical fever, as usual, was the leading epidemic disease in October, causing 40 deaths, as compared with 25 for September. It was followed by diphtheria and scarlet fever, 12; typhoid fever, 10; and 26 for all other epidemic diseases.

LENIENCY MISAPPLIED.

Santa Barbara Youth Fails to Profit by Former Experience and Is Sent to Prison.

[BY DIRECT WIRE TO THE TIMES.] SANTA BARBARA, Nov. 30.—[Exclusive Dispatch.] George Rogers, a youth who was leniently treated recently, has committed another crime for which he was sentenced by Superior Judge Crow to two years in San Quentin prison today.

Rogers was arrested some time ago for stealing a carpenter's tools. His father, on discovering the youth of the prisoner, forgave him, and the court, after admonishing the culprit to become honest and manly, and upon receiving the latter's promise to live right, discharged him. After a few days, Rogers discovered a crushing repentance and today, after a crushing repentance from the bench, he received sentence.

Why don't you go to Arrowhead and get over that cold?

DEATH IN OIL.

[ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, Nov. 30.—Victor Gardine, an aged resident of this city, was fatally burned yesterday while attempting to start a fire in the stove at his home with coal oil. The flames leaped up when the oil reached the fire, setting fire to his clothes and the can of oil he held. He was hurled out into the street wrapped in flames. A passer-by came to his aid and threw him to the pavement rolled him over and over until the flames were extinguished but not before severe burns had been inflicted from which Gardine died at the hospital some hours later.

WAY FOR PROGRESS.

[ASSOCIATED PRESS DAY REPORT.] MAKE ISLAND NAVY YARD, Nov. 30.—The first time in fifty years, the old seventy-four-gun ship of the line, Independence, now used as a receiving ship at the navy yard, will be moved from her present anchorage to a new dry dock. The old sea fighter will be given another berth out of the way of the new improvements. The Independence has been the distinction of being the last of the wooden ships to be kept in the service. She was built in 1814 at Charleston to fight against the English and was put out of commission at the navy yard here in 1855.

CLOSING ON OPENING DAY.

Brooklyn Trust Company Decides to Go Into Liquidation Instead of Doing Business.

[ASSOCIATED PRESS DAY REPORT.] NEW YORK, Nov. 30.—The Lafayette Trust Company, a reorganization of the Jenkins Trust Company of Brooklyn, which went down in the financial panic of a year ago, did not open for business today. An announcement was made that the officers of the company had decided to permit the institution to go into liquidation. John G. Jenkins Jr., who was president of the Jenkins Trust Company, now is on trial in Brooklyn on a charge of grand larceny growing out of some of his acts while he occupied that position.

FAMILY HURT.

[ASSOCIATED PRESS NIGHT REPORT.] SAN JOSE, Nov. 30.—An Mr. and Mrs. J. Davidson, returning from a trip to Evergreen last evening, on his motorcycle, the machine struck an obstruction and a side of the road. All three were rendered unconscious, and an hour later were discovered by an acquaintance, who placed them in a buggy and took them to their home, No. 20 North Fifth street, in this city. They all subsequently revived and none are fatally injured.

FEEDS WIDOWS AND WIDOWERS.

Oregon Patriarch Gives Big Birthday Dinner.

Offers Prize to the First Widow to Wed.

Women Far Outnumber Men at the Board.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND, Nov. 30.—[Exclusive Dispatch.] Seventy-six widows and widowers were guests at a banquet at Dallas, Ore., today, given by W. C. Brown, known to the entire countryside as "Uncle Billy."

Mr. Brown, who is 34 years old today took this means of celebrating his birthday. Not a widow in the town was absent from the feast and they greatly outnumbered the male guests. Mrs. Eliza Emmons, 91, was the oldest widow present.

From this pioneer of Polk county, the ages of the guests descended steadily until reaching Mrs. Edith Rowland was reached, the youngest present, who is 25. Mary, Martha, Nancy and Jane were the names of most of them in attendance.

The dinner was a great success. "Uncle Billy," looking patriarchal, sat at the head of the long table and beamed upon his guests. His custom of giving Dallas widows annual dinners has made him widely known throughout the state.

He is one of the wealthiest men in Dallas and still one of the most enterprising. He offered a handsome present to the first widow to wed during the coming year and he will make the presentation at next year's feast, when he will be 35. In addition to the dinner last year, Mr. Brown showered \$100 in nickels from the Court House steps to the boys of the town.

FARMERS INTERESTED.

Many Tell Woes to the Commissioners on Country Life at Sacramento Meeting.

[ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Nov. 30.—There was a large attendance of men and women at the meeting of the division of the Commission on Country Life, appointed by President Roosevelt, now making investigation in the Coast State.

Among the members of the commission present were Dr. H. L. Bailey, chairman of the College of Agriculture, New York; Henry Wallace of Iowa, C. E. Stiles of the Hospital Marine Corps. Farm and country life and all its phases were widely discussed by the commissioners and farmers. The discussion developed into a lengthy inquiry as to the reason why farm life in California has so many ailments that are different both to the farmer and the people who work for him, but encouraging a desire for the city with its excitement and greater comforts.

Prices of food, lack of school facilities, little if any social life, a dearth of competent help and poor prices for products were some of the reasons given why farm life is distasteful.

TOWN TERRORIZED.

Bold Robbers, Hold-up Men and Burglars Frighten Nevada City Citizens.

[ASSOCIATED PRESS NIGHT REPORT.] NEVADA CITY, Nov. 30.—The citizens and authorities of Nevada City, are aroused over a series of robberies, burglaries, hold-ups, and other crimes which have occurred in and around this city during the last ten days. Citizens have been told that something like a reign of terror has been created by the unknown marauders who have been seen, but made their escape.

Clarence Shurt was awakened last night by a man ransacking his room, but being unarmed had to keep quiet and allow the fellow to escape. In the morning, Shurt was informed that his cell had been broken into and his articles from his house. William Williams was awakened the previous night to find two men in her room, who departed with plunder.

DEAD ALIVE.

RETURN MAKES TROUBLE. [ASSOCIATED PRESS NIGHT REPORT.] OAKLAND, Nov. 30.—Although legally pronounced dead, Jacob A. Maller of Alameda has turned up in the flesh after seven years' absence. This morning Judge Brown received letters of administration taken out by Maller's father and ordered the refunding of \$100 to an insurance company which has paid that amount of death loss for Maller.

Maller's return was reported to the insurance company by his father.

AT NEW YORK HOTELS.

NEW YORK, Nov. 30.—[Exclusive Dispatch.] At the Auditorium Annex, Mrs. W. E. Strong; Great Northern, S. T. Smith; Mrs. D. Hamilton; Palmer House, Mrs. E. J. Jones; Imperial, P. Williams; Marlborough, R. D. Day and wife, San Diego.

WOULD FORCE APPEARANCES.

Committee Wants to Subpoena Witnesses.

Payne Recents Attacks From Revision Critics.

Calcutta Burlap Competitor of Pacific Coast.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 30.—Determined to bring before it those who have criticized the hearings on the proposed revision of the tariff and who have said that there is much important information to be obtained before the framing of an impartial tariff bill could be undertaken, the Ways and Means Committee of the House will request Congress to authorize it to subpoena witnesses to appear at supplementary hearings.

While the committee has been holding sessions which have lasted late into the night, much time has been wasted and too frequently, but one side of the question has been presented. Witnesses also have been in many cases entirely unprepared to furnish the committee with adequate information as to comparative cost of labor in this country and abroad.

J. W. Van Cleave, president of the National Association of Manufacturers, and V. H. Miles, chairman of the Tariff Committee of the same organization, have frequently attacked the methods used by the committee.

AIMED AT VAN CLEAVE. Chairman Payne has strongly resented the attack, and the request to Congress for the right to subpoena witnesses is understood to be directed mainly at Mr. Van Cleave and Mr. Miles, who have not appeared despite special invitations.

The wish of the committee to get at the facts with regard to tariff revision has been reiterated by Chairman Payne, for the "standard-bearer," by Champ Clark, for the minority members, and by several Republican members who are understood to represent the views of President-elect Taft.

The authority for subpoenas with and to hold as many hearings as necessary is therefore unanimous. During the progress of the hearing it has become evident the various factions in the House are united on the one question to pass a bill that will embody a thorough and impartial revision of the present tariff law.

It is said that insistent notices were given by the chairman to permit those interested to gather pertinent facts in regard to the schedules in which they desired changes.

Mr. Payne also has been asked to extend the time for filing briefs, the date originally set as the limit being Friday next.

The chairman of the committee and those whose sincerity with regard to revision has been questioned, are desirous of dispelling any impression that all witnesses will not be given an equal opportunity to be heard.

FLAX, HEMP AND JUTE. Today the committee held a hearing on the schedule for flax, hemp and jute, but this was not expected to arouse much interest nor were many requests for changes looked for.

Tomorrow, cotton and silk will be considered, and Thursday the tariff on wool will be the subject for discussion.

Both of these hearings will be of much importance in illustrating the general desire with regard to revision. Everett Ames of Portland, Ore., a burlap manufacturer, at today's hearing, said that the Pacific Coast manufacturers needed a great differential so as to compete with the Calcutta burlap bag. Since the passage of the Dingley law, he explained, the cost of labor had increased 20 to 30 per cent, on the coast, and machines had been introduced in the manufacture of burlap in Calcutta.

John Boyd of New York asked that the higher protected Chinese, Japanese and India straw matting be brought in at a duty of three cents, or the same as the cheaper grade.

FIGURES WILL STARTLE. National Conservation Commission Will Assemble in Washington Today for its First Hearing.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Nov. 30.—(Exclusive Dispatch.) A vast amount of statistics and interesting figures will be laid before the National Conservation Commission when it assembles here tomorrow. For the first time definite details will be presented showing the nation's wealth in resource indicated by minerals, lands, forests and waters.

The results of six months devoted by the commission to taking an inventory of the stock will be shown. The commission has been assisted by all the necessary bureaus and departments in prosecuting its work. The inventory will demonstrate, for the first time, as near as possible, just how much remains of public and private forests and their approximate valuation; where lands are unoccupied, where located, by whom owned, and the tendency to corporate control; the nature of the land and whether crops are becoming larger or smaller; the amount of water power available in the United States; and the extent and value of mineral deposits of all kinds and their ownership.

It is not intended to make these valuable figures public until a final report is submitted to the President about January 1.

"BAKE" AGAIN. REHEARING GRANTED. (ASSOCIATED PRESS DAY REPORT.) WASHINGTON, Nov. 30.—The Supreme Court of the United States today granted the petition of Komatsu and Company, Japanese merchants of San Francisco, for a writ of certiorari in the case of that firm involving a rate of duty to be paid on the Japanese liquor known as "sake." The effect of the court's action will be to bring the entire record in the case to the Supreme Court for review. The case was decided by the Federal Circuit Court of Appeal for the Ninth Circuit, adversely to the importers.

ARCHBOLD TELLS OF TRUST'S FOREIGN FOES.

STANDS ALONE. CAPITAL WILL NOT SWEAR OFF. WILL NOT FOLLOW TAFT TO WATER WAGON.

Washington Official Society Sees Reason Why It Should Go Thirsty Because President-elect Thinks Fit to Ignore the Glass That Cheers at Dinner.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Nov. 30.—(Exclusive Dispatch.) Taft may swear off drinking, but that does not mean that the White House will be loaded on the water wagon, that is the way Washington takes the news from Hot Springs that Taft is turning down his wine glasses at dinner.

There has been no testicular regime in the President-elect's house since Mrs. Hayes kept wine and liquors off the table during the administration of her husband. That was a serious affair and the capital was glad when it was over.

The diplomats dreaded the Hayes official dinners and the example had a subduing effect throughout the official society. It was also great for the justice since the Standard Oil has been a non-drinking President.

President McKinley confined his "nips" to glasses of whiskey when he was cold or tired and almost not at all. McKinley in his private home served no wine, but made no objection to their being used at the White House.

It is understood that Taft quit drinking because even slight use of alcohol made him "take on flesh." Of all the men who have been mentioned for the Taft Cabinet, not one of them is a total abstemious. Vice-President Fairbanks declined to be interviewed on the subject of cocktails at dinner.

Senator Bailey of Texas does not smoke, drink, chew or swear, but admits that his example probably had no influence upon Judge Taft. Senator Cullum said he would rather have good pumpkin pie at dinner than champagne, but he did not hope to have the pie at the diplomatic dinners. He has to attend these and is interested.

Charles P. Taft said it was not a family trait and did not understand that the swearing off would affect him.

REORGANIZE NAVY. ROYALTY MAY BE CHAIRMAN. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, D. C., Nov. 30.—President Roosevelt, it is understood, soon may appoint a commission to investigate the entire system of the Navy Department, looking toward a reorganization, and the establishment of a general staff to act in an advisory capacity to a civilian Secretary.

It is understood that Secretary Root has been asked to accept the chairmanship of such a commission. Beyond admitting that plans had been discussed and that he had formerly expressed that Mr. Root had been asked to head the commission, William Loeb, Jr., secretary to the President, declined to discuss the matter.

Secretary Root said he had not definitely decided whether he would accept the position, but he would be glad to consider it. He declared he would be glad to consider it. He declared he would be glad to consider it.

Mr. Satterlee is a Republican and has been identified with naval matters for some time. He is a lawyer and a member of the Bar Association of New York. His naval connections are as general counsel of the Navy League of the United States and president of the Naval Reserve Association.

During the Spanish War, Mr. Satterlee was a lieutenant and served as chief of staff to Capt. John B. Morgan. He belongs to the Naval Order of the United States, the Seamen's Institute and the Society of Naval Architects.

Mr. Satterlee was born in 1862 and is a son-in-law of J. P. Morgan.

WASHINGTON BRIEFS. Wants Accounting. WASHINGTON, Nov. 30.—Comptroller of the Currency Murray today asked the same company to make a statement of their condition at the close of business on November 27.

HANDSHAKES. WASHINGTON GREETED CHINESE AMBASSADOR. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Nov. 30.—Bringing the train of a grateful people for the remittance by the American government of a large part of the \$100,000 Boxer indemnity, Tang Shao Yi, president of the Chinese board, and a distinguished group of officials, arrived in Washington today.

Accompanied by Prince Tsai Fu, a member of the Chinese royal family, and a distinguished group of officials, the party was escorted to the highest honor of being met by Huntington Wilson, Third Assistant Secretary of State, numerous other officials of the State Department, and several aides of President Roosevelt.

There were no formalities at the union station other than the exchange of greetings.

After that the party was escorted to two residences in an excellent section of the city, where the visitors will be domiciled during their stay of three or four months.

The party arrived on a special train of six private cars and coaches, including a dining car. The first people to leave the train were Dr. Wei Ching Yen, second secretary of the Chinese legation, who went to Chicago to meet the Prince, and the Prince's personal secretary, who left the private car arrangements had been made for the march through the station to a line of carriages.

THE GREETING. Minister Wu Tingfang then entered the car, and escorted the Ambassador and Prince to the waiting American Reception Committee, which, in the meantime, had been joined by former Secretary of State John W. Foster, Minister Wu presented Col. Cromwell, Superintendent of Public Buildings and Grounds, and he, in turn, introduced the President, to the Ambassador and the Prince. Formal presentation of Assistant Secretary Wilson, who welcomed the visitors, and of W. D. Straight and A. W. Foxworth, officials of the State Department, who were in China in the consular service for a number of years was then made.

The party was conducted to carriages and the drive to the special residences was made.

IN MOURNING. The Reception Committee left the Ambassador and Prince at their doors, no ceremony of any kind being desired.

ARCHBOLD TELLS OF TRUST'S FOREIGN FOES.

THE GREETING. Minister Wu Tingfang then entered the car, and escorted the Ambassador and Prince to the waiting American Reception Committee, which, in the meantime, had been joined by former Secretary of State John W. Foster, Minister Wu presented Col. Cromwell, Superintendent of Public Buildings and Grounds, and he, in turn, introduced the President, to the Ambassador and the Prince. Formal presentation of Assistant Secretary Wilson, who welcomed the visitors, and of W. D. Straight and A. W. Foxworth, officials of the State Department, who were in China in the consular service for a number of years was then made.

The party was conducted to carriages and the drive to the special residences was made.

IN MOURNING. The Reception Committee left the Ambassador and Prince at their doors, no ceremony of any kind being desired.

ARCHBOLD TELLS OF TRUST'S FOREIGN FOES.

STANDS ALONE. CAPITAL WILL NOT SWEAR OFF. WILL NOT FOLLOW TAFT TO WATER WAGON.

Washington Official Society Sees Reason Why It Should Go Thirsty Because President-elect Thinks Fit to Ignore the Glass That Cheers at Dinner.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Nov. 30.—(Exclusive Dispatch.) Taft may swear off drinking, but that does not mean that the White House will be loaded on the water wagon, that is the way Washington takes the news from Hot Springs that Taft is turning down his wine glasses at dinner.

There has been no testicular regime in the President-elect's house since Mrs. Hayes kept wine and liquors off the table during the administration of her husband. That was a serious affair and the capital was glad when it was over.

The diplomats dreaded the Hayes official dinners and the example had a subduing effect throughout the official society. It was also great for the justice since the Standard Oil has been a non-drinking President.

President McKinley confined his "nips" to glasses of whiskey when he was cold or tired and almost not at all. McKinley in his private home served no wine, but made no objection to their being used at the White House.

It is understood that Taft quit drinking because even slight use of alcohol made him "take on flesh." Of all the men who have been mentioned for the Taft Cabinet, not one of them is a total abstemious. Vice-President Fairbanks declined to be interviewed on the subject of cocktails at dinner.

Senator Bailey of Texas does not smoke, drink, chew or swear, but admits that his example probably had no influence upon Judge Taft. Senator Cullum said he would rather have good pumpkin pie at dinner than champagne, but he did not hope to have the pie at the diplomatic dinners. He has to attend these and is interested.

Charles P. Taft said it was not a family trait and did not understand that the swearing off would affect him.

REORGANIZE NAVY. ROYALTY MAY BE CHAIRMAN. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, D. C., Nov. 30.—President Roosevelt, it is understood, soon may appoint a commission to investigate the entire system of the Navy Department, looking toward a reorganization, and the establishment of a general staff to act in an advisory capacity to a civilian Secretary.

It is understood that Secretary Root has been asked to accept the chairmanship of such a commission. Beyond admitting that plans had been discussed and that he had formerly expressed that Mr. Root had been asked to head the commission, William Loeb, Jr., secretary to the President, declined to discuss the matter.

Secretary Root said he had not definitely decided whether he would accept the position, but he would be glad to consider it. He declared he would be glad to consider it.

Mr. Satterlee is a Republican and has been identified with naval matters for some time. He is a lawyer and a member of the Bar Association of New York. His naval connections are as general counsel of the Navy League of the United States and president of the Naval Reserve Association.

During the Spanish War, Mr. Satterlee was a lieutenant and served as chief of staff to Capt. John B. Morgan. He belongs to the Naval Order of the United States, the Seamen's Institute and the Society of Naval Architects.

Mr. Satterlee was born in 1862 and is a son-in-law of J. P. Morgan.

WASHINGTON BRIEFS. Wants Accounting. WASHINGTON, Nov. 30.—Comptroller of the Currency Murray today asked the same company to make a statement of their condition at the close of business on November 27.

HANDSHAKES. WASHINGTON GREETED CHINESE AMBASSADOR. (ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, Nov. 30.—Bringing the train of a grateful people for the remittance by the American government of a large part of the \$100,000 Boxer indemnity, Tang Shao Yi, president of the Chinese board, and a distinguished group of officials, arrived in Washington today.

Accompanied by Prince Tsai Fu, a member of the Chinese royal family, and a distinguished group of officials, the party was escorted to the highest honor of being met by Huntington Wilson, Third Assistant Secretary of State, numerous other officials of the State Department, and several aides of President Roosevelt.

There were no formalities at the union station other than the exchange of greetings.

After that the party was escorted to two residences in an excellent section of the city, where the visitors will be domiciled during their stay of three or four months.

The party arrived on a special train of six private cars and coaches, including a dining car. The first people to leave the train were Dr. Wei Ching Yen, second secretary of the Chinese legation, who went to Chicago to meet the Prince, and the Prince's personal secretary, who left the private car arrangements had been made for the march through the station to a line of carriages.

THE GREETING. Minister Wu Tingfang then entered the car, and escorted the Ambassador and Prince to the waiting American Reception Committee, which, in the meantime, had been joined by former Secretary of State John W. Foster, Minister Wu presented Col. Cromwell, Superintendent of Public Buildings and Grounds, and he, in turn, introduced the President, to the Ambassador and the Prince. TWO KILLED IN OLD FEUD.

Kentuckian and Stepdaughter
Shot to Death.

Whittaker-Barnes Family War
Breaks Out Again.

Woman Slain by Cousin as
She Ran for a Gun.

(BY DIRECT WIRE TO THE TIMES.)
LONDON (Ky.) Nov. 30.—(Exclusive Dispatch.) Will Merrett Barnes, aged 34, and his stepdaughter, Mrs. Ellen Taylor, about 30 years old, were shot and killed this morning, 30 miles west of London. The cause of the killing is the reopening of the Whittaker-Barnes feud, which has been going on for many years in the western part of this county and in Pulaski county.

Barnes was shot by Will Taylor and Mrs. Taylor by a cousin named Barnes. Nearly a dozen men have been killed in this feud within the past fifteen or twenty years, all related by blood or by marriage. Three years ago two of the Whittakers were killed and the Barnes brothers were charged with the murder. A year ago a son of Will Merrett Barnes, killed a Whittaker in Pulaski county, but was acquitted.

Sunday morning Taylor and Barnes went to the home of Mrs. Ellen Taylor, where Barnes, her father, was being shared. When he arose to go, he shot him with a 45-70 Winchester. Mrs. Taylor ran for a shotgun, and Barnes shot her breast with a buckshot. Both men escaped. Barnes died at 5 o'clock, and Mrs. Taylor a little later. More trouble between the families is expected. A clash was narrowly averted here a few weeks ago.

DIPLOMAT SHOTS

Washington Police Have Mystery Involving Negro and Army Captain's Wife to Solve.

(ASSOCIATED PRESS NIGHT REPORT.)
WASHINGTON, Nov. 30.—The police of this city have a shooting mystery, involving a negro, a supposed diplomat and the alleged wife of an army captain, on their hands. The police are trying to solve the mystery.

At the Emergency Hospital William Sykes, the negro who was shot, lies in a critical condition, while the other parties to the affair for the present, at least, have been able to conceal their identity. The shooting occurred Saturday evening in a fashionable section of the city after the negro had approached the couple, and, as he says, asked to be directed to a certain address.

A short time afterward, according to the story of a clerk in the Portland apartment-house, overlooking Thomas Circle, near where the shooting took place, a man and a woman, apparently excited, passed quickly through the lobby and left by another door. The man's nose was bleeding and the woman was heard to advise him to have it attended to.

KISSED WIFE AND DIES.

Former Officer in Kaiser's Army Disappointed Over Poverty, Blows Out His Brains.

(ASSOCIATED PRESS NIGHT REPORT.)
OAKLAND, Nov. 30.—Hans Kalke, a former lieutenant in the German army, and son of a wealthy family, blew out his brains late last night in his home at Stockton, Cal. Just before retiring, the man kissed his wife and three children affectionately. In the night his fifteen-year-old son was awakened by the faint light of a pistol shot, and found his father dead.

Kalke was depressed all Sunday over having been laid off from his work as an engineer. The man was sorely pressed for money and to add to his despondency recently received a letter from his family, declining to send him any more funds for which he had appealed.

The dead man was 40 years old.

HATCHETS WIFE.

MAN KILLS HIMSELF.

(ASSOCIATED PRESS DAY REPORT.)
PITTSBURGH, Nov. 30.—Maddened by liquor, James Hackett of Morning-side avenue, in an effort to exterminate his family, today fatally injured his wife and then committed suicide. Hackett attacked his 7-year-old son, James. The mother, Annie, 39 years old, stepped before the fatal father and received the blow from a hatchet intended for the boy. She fell to the floor stunned, and her husband then cut her throat with a razor. The child, in the meantime, had escaped. Hackett's wife was found wounded upon himself which proved fatal.

FOOTPAD OUTRAGE.

THROW MAN INTO RAY.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN FRANCISCO, Nov. 30.—In a fight with three footpads on the Channel street dock early today, Albert Ryder, an employee of a transfer company, was thrown into the water of the bay and escaped drowning only through the efforts of a policeman who heard his cries for help. Before he was fished from the dock, one of the robbers had secured \$50 from Ryder's pockets, and it was in resistance to their efforts to locate his wallet, containing a larger sum, that he was pushed overboard. No arrests have been made.

"SCALPERS" IN FATAL FIGHT.

DISPUTE OVER TICKET SALES.

(ASSOCIATED PRESS NIGHT REPORT.)
PHILADELPHIA, Nov. 30.—Richard Burke, a by-stander, was probably fatally wounded and Andrew Loneragan was shot in the arm in an exciting pistol fight with George Medway in front of the Bourse street theatre in Broad street tonight. Loneragan had a dispute Saturday night over the proceeds from the sale of tickets for the Army and Navy football game which they had been "scalping" to others. They met tonight and the fight was renewed.

KOREAN CASE DELAYED.

SAN FRANCISCO, Nov. 30.—The trial of In Wan Chang, the Korean accused of the murder of Durham White Stevens, the American, was postponed to the government of Korea, in this city on March 22 last, set for today by Judge Cook, was continued until Monday, with the understanding that there would be no further postponement.

EXTRA TROLLEY SERVICE FOR

Glendale and Monrovia.

A special car carrying The Times to print about the line of regular transportation service leaving Glendale at 4 a. m. Monday, and arriving at Los Angeles at 7:15 a. m. The car will stop at Glendale, San Gabriel, and San Dimas, and will leave the city at an early hour.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

(Continued From First Page.)

Senator Cullom assured the Secretary that he was satisfied the notes do not constitute a treaty or agreement with the meaning of the Constitution and therefore requiring the ratification of the Senate. He said he could not speak for the Senate, but he thought he could assure the Secretary on behalf of the Committee on Foreign Relations that nothing disagreeable need be expected from that body.

Secretary Root takes the view and Senator Cullom supports him, that the notes are of the same character as the exchanges that took place in 1899 whereby Secretary Hay assured the Chinese that nothing disagreeable need be expected from that body.

THE CITY IN BRIEF

Present Perplexities!

NEWS AND BUSINESS.

Highland Park Meeting.

The Parent-Teacher Association of Highland Park School will meet on Thursday at 8 o'clock. It is expected Mrs. Noble will speak.

Yiddish Play for Charity.

An entertainment will be given in Ganant Club Auditorium on Thursday evening by the Largman Yiddish Opera Company, for the benefit of Chevreau Children's Home. They will present "Der Yiddisher Galeb."

Christmas Bazaar.

A Christmas bazaar will be held in the Alexandria Hotel on Friday and Saturday afternoon and evening. Preparations have been under way for a long time and many beautiful articles for Christmas will be offered.

Burglars Get Furs.

M. Goldberg, proprietor of the Vienna Emporium, 304 South Broadway, yesterday reported to the police that burglars smashed the plate glass in the front of his store and made away with furs valued at \$75, shortly before daylight, Monday. A muf and a number of handsome scarfs were taken.

Damages a Bankrupt.

Louis M. Sabich filed a voluntary bankruptcy petition in the United States District Court yesterday. His only stated liability consists of judgment obtained against him in the Superior Court. This was a damage suit for \$500. The petitioner has no assets. The legal effect of a discharge from bankruptcy would be to relieve him forever of paying the damage suit judgment.

Switchman Injured.

W. Z. Cleveland, a switchman for the Los Angeles Railway, working at Fourth and Spring streets, was seriously injured shortly before noon yesterday, when a Hooper-avenue car for which he was throwing the switch, became derailed and knocked him to the gutter. The injured man was sent home in a carriage. He sustained bruises and abrasions about the body and limbs.

Chances to Get One.

Ninety-one umbrellas, left in Hamburger's Majestic Theater on the opening night, a week ago yesterday, can be claimed today. Forty-seven of the eleven persons forgot to take their own home with them that night, and the property man is embarrassed. There are all kinds, shapes and makes of umbrellas in the little rear room, where a number of other lost articles are stored. There is a silk parasol, dainty and pretty; a big family umbrella, under which four persons might crowd on a rainy night, and a little sunshade which would scarcely keep the rain drops from an opera hat.

Unique Dinner.

J. A. Hodgman, president of the Orange Blossom mines, entertained a number of friends with a dinner under the pepper trees at Casa Verdugo yesterday in honor of Mr. and Mrs. Fred McDaniels of Oklahoma. Miss Dolly McDaniels acted as hostess at a table of which plates were laid for twelve. The menu was unique in its presentation of various Spanish dishes. The first course consisted of surface croquettes, soup from a pine, and a salad, and so on through the list, mining and old terms being applied to the various foods. Mr. McDaniels is a wealthy oil operator and also a stockholder in the Orange Blossom mines.

Hearings Postponed.

Though no date has been fixed for the hearing before the Interstate Commerce Commission, on switching charges, it is believed that Commissioner Franklin K. Lane will reach this city some time in January. The illness of Edward Chambers, assistant freight traffic manager of the Santa Fe, occasioned the postponement of the case against that road, scheduled for yesterday. Frank Lyon, a special examiner of the commission, reached here yesterday in the expectation that the hearing would take place. He has recently been in San Antonio, Tex., where Commissioner Lane conducted a hearing.

BREVITIES.

Reminder the slogan: "Buy and Boost Home Products." For daily reference, see page 10 part II of The Times, containing list of wide-awake manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries, dress-makers, manufacturers of things to eat and drink—things for the home, the factory, the office and the farm. Buy them! Try them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good.

Times Cook Book No. 3 ready today, and until the edition is exhausted, is placed on sale the largest, most elaborate and comprehensive cook book of the series issued by The Times. The 218 recipes for hot Spanish and Mexican dishes under the hygienic department are big features of the publication. The recipes, brought out by The Times' prize cooking contest, are generally from Southern California newsmen and noted chefs. Price 25 cents, by mail 5 cents additional. Address The Times, Los Angeles.

To Let—Handsomely fitted office and exhibit space or desk room, also basement, in premises occupied by new branch office of The Times at 531 S. Spring st.; splendid location; suitable for California products display; well adapted for headquarters of excursions, steamship or railroad enterprises; as well as mixing exhibits. Established information bureau now conducted in connection. For particulars and rental cost apply on premises, or to Manager's office in the Times Building.

The Michigan Society of Southern California will hold its social meeting at Symphony Hall, on Hill street, December 1, at 8 p.m. A programme, followed by dancing, comes prepared to join the association; the membership fee is only \$1 and we want and need more members to keep up the society. Thousands of antiques, fine sets, vases, sparklers, retailed at wholesale prices. J. W. Frey's Mantel Service, cor. 12th and Los Angeles sts.

In last Sunday's Times our announcement should have read: "Larg-

est selection of reliable watches in Southern California. We are offering three watches, 12-size flat watch, 14-carat, solid gold, open-face case, 17-jewel movement, only \$45. Here are splendid values. A. Neidinger & Sons, Diamond Merchants, 222 South Spring st.

Special, \$2.50 to \$3 eyeglasses and spectacles at only \$1.50, properly fitted; satisfaction guaranteed; consultation free. Clark's Optical Parlor, 204 S. Broadway, near 2nd.

Wreden Packing and Provision Company, 129 South Main street, will continue their Saturday meat specials this week.

Peck & Chase Co., undertakers, now in their new building, 12th and Figueroa, Tel. Main 51, Home 5277. Shriner's and Daughters of Isis order your Fox now of the Pacific Coast Regalia Co., 2114 W. 2nd st.

Dr. Hayden, osteopath, 516 Auditorium Bldg., residence Hotel Chickasaw. Dr. Logan guarantees his glasses to fit your eyes, 415 South Spring.

Smokers appreciate the quality value of Lewis Single Binder cigar. Canadian Club Fraternal Hall tonight programme.

Furs remodeled. D. Bonoff 324 S. Bwy. Artificial eyes, Delany's, 209 Spring.

"THE WISE MEN IN THE DESERT."

The dramatic spectacle "Bon Hur" is a novelty in story and locale and a wide departure from anything ever before seen on the stage in artistic innovations and deviations from stage traditions. The usual overture by the orchestra is omitted and in its stead what is really a pictorial overture is presented. In this prelude to the play, "The Wise Men in the Desert," is sounded the key-note of the drama. The music, composed by Edgar Stillman Kelley, is both orchestra and vocal.

As the first strains of the great orchestra are heard, the curtain rises disclosing a symbolic picture depicting the opulent power of Rome in contrast to the spiritual peace of Jerusalem. For the choral music there were selected passages from the Prophecies of Isaiah concerning the coming of the Messiah, where Christ is referred to as "The Light to lighten the darkness of the people." The music for this number begins with the theme of the prophecy and is built upon the ancient scale peculiar to Semite peoples—Arabs and Hebrews—in which the interval of the augmented second is a prominent feature. This is taken up by the invisible male chorus, announcing the vision of Isaiah. Following is heard a suggestion of "The Star of Bethlehem" theme at the words "Arie: Shine for the Glory of the Lord, Rise Upon Thee." The orchestra then takes up the theme of the Star while the chorus chants the text "The Lord shall rise upon thee, and His glory be upon thee, and the Gentiles shall come to thy light and bring thee the brightness of thy rising." The symbolic picture here fades away disclosing the tableau of "The Wise Men in the Desert" being their sleeping camels, looking across the arid waste of sand and watching with wonder and awe the apparition of the Star of Bethlehem. Mysteriously it flutters, at first a mere luminous point, increasing in size and brilliancy, shooting forth fiery rays of light until the entire horizon is illuminated. As its first shimmering becomes visible, suggestions of the Star theme are heard, developing into orchestral fullness as the light increases in intensity. As this incident of the drama closes, the tread of the camel is simulated by the orchestra, suggesting the journey of the Wise Men over the arid wastes of the desert to the City of David, where the child is to be born whom they seek and would worship.

SHAMMING INSANITY.

Detectives' Opinion of Man Who Held Woman, Supposedly Mrs. Hayes, on Car Track.

That Thomas A. Munroe, a ranch hand, who attempted to throw a woman and her baby daughter in front of a car of the Santa Ana line at Carmichael station, Sunday night, is shamming insanity, is the belief of detectives.

This also is the belief of many people in Los Angeles who have known Munroe for some time. The woman whose life was so nearly taken is believed to be Mrs. Edna Hayes, wife of a well-to-do ranchman of Norfolk. Munroe went to work for Hayes several months ago. Trouble soon arose between the ranchman and employee, and hostilities were declared. Finally the argument reached such a point that Hayes left the place and went North to attend to his interests there, and has not been back since.

Munroe in the meantime had taken charge of the ranch, which had been decided to Hayes's little daughter. Neighbors knew that Munroe frequently drank heavily, and that during such times he was abusive to the woman over whom he acted as a self-appointed guardian.

Sunday night he again became crazy with liquor, and while in that state tried to throw both the woman and her little girl in front of a rapidly approaching car.

Yesterday, when interrogated, Munroe pretended that he knew nothing about the affair. He was sent to a cell until further examination can be made.

UNDELIVERED TELEGRAMS.

There are undelivered messages at the Postal Telegraph Company, No. 1001 Spring street, under the heading: Newhall, Nabor Ortiz, Claude L. Tureman, F. M. Holbit, Pat Hogan and Charles Holbert.

FIRST DREDGE FOR ARIZONA.

Boston Capitalists Seeking Gold in River.

Non-navigability of Stream Aids Operations.

Local Mining Men to Build Mexican Railroad.

The Boston-Arizona Gold Dredging Company, which recently acquired 2500 acres on the Agua Fria River, forty-five miles north of Phoenix, is preparing to install a dredge on that stream with a daily capacity of 3000 cubic yards. Surface showings average 20 cents per cubic yard of recoverable gold. The dredge to be installed by this company will be the first one of its kind in Arizona. The company is a Los Angeles company, and its properties are close to the Flower Gold Dredging Company, operating a hydraulic plant. This latter company is also contemplating the installation of a modern dredging plant. In the Arizona field, according to reports, the troubles experienced in the Colorado and Feather River district, in this State, are not encountered. There the rivers are not navigable, and the debris laws as to obstructing navigable streams add to the difficulties with work. The dredge will be installed and in operation within six months. Boston capitalists have entered this field, according to the officials of the above company, who state that syndicates from that city have been very active recently in buying properties and are spending considerable money in developing the industry.

Miners Want Railroad.

The Soledad Development Company of Mexico, in which George Mitchell of this city is largely interested, has applied to the Jalisco State government for a concession to build an electric road from Guadalajara, Jalisco, to the Zacatecas-Jalisco boundary. The terminus will be the camp of the San Carlos Gold Mines, Limited, in the Mesquite del Oro district, Zacatecas, and a concession will later be asked from the Zacatecas authorities covering the portion of the line to be built in that State. If the concession is granted a strong company will be formed at once to finance the building of the road. Surveys are now being made for the proposed line, which will be 100 kilometers long, and will open up a country, rich in mineral, timber and agricultural possibilities. The section to be traversed supports a population of more than 75,000 people, who have no railroad facilities whatever, and a freight tonnage of not less than sixty carloads daily is expected from the beginning of traffic.

Six Figure Option.

Confirmation of a mining deal of magnitude, which was noted in a dispatch to The Times on November 24, has been obtained in an interview with one of the parties to the transaction. The property in question consists of nine claims, lying in the east end of Riverside county, one and one-half miles from the Colorado River and four miles southeast of the Santa Fe "cut-off" running from Denzel to Parker. An option for \$100,000 has been taken by E. Steece of New York, who is largely interested in mines in Mono county. A cash payment of \$20,000 has been made. If Mr. Steece exercises the option, the balance is to be paid by February 15, 1909, should he decide to explore the ground and remove ore before that date, an additional consideration is involved in the agreement. The claims have very little development, all of it having been accomplished in the way of assessment since their location. The main working is an incline shaft of 155 feet, with other shallow openings. Only one shipment of ore has been made, consisting of ten tons, sent to the Selby smelter, and yielding a return of \$50. The ore is copper and gold. The showing made by the fact that an experienced miner has ventured a big bet on the manager amount of development. The owners are Philip H. Newman, Adolph Strauss, Mrs. E. L. Moody, Los Angeles, and George A. Cook of Vista, San Diego county.

Railroad-Florence Lease.

Yesterday at Goldfield work was begun on a lease which was recently granted by the Florence Goldfield Mining Company's property. It is 490 feet south of the famous El Estero lease and the northwest corner touches the equally celebrated Rogers Syndicate lease, both of which have been played, but brought enormous dividends to their stockholders. Because of the amount of work done by previous lessees on the same ground, consisting of 525 feet, and a good equipment of houses, shops, galvanized iron, electric hoist, transmitter station, cars, track, etc., the company is able to begin work without the usual large expenditure for these things and a comparatively small amount of money was required for the campaign of exploration agreed upon. It is proposed to run the exploring drifts in another direction than that taken in the previous workings. A very short distance should bring them to an easterly ledge which promises a fine field for exploration.

Prospects at Johnnie.

The Nevada Prospects Development Company will resume work December 16, on mine claims known as the Willis group, in the Johnnie district, which have been lying idle about a year. The shaft on the Willis mine is already down 100 feet and will be continued and new shafts sunk. The claims are gold, silver and copper and appear promising.

"Bankers" in Riverside.

The Bankers Mining Company of this city resumed work in the Chuchawalla district, Riverside county, November 24, after an idleness of ten months. The mine was closed down in February, when the first shaft reached a depth of 165 feet. Contract has been let for a second shaft of a 165-foot shaft and work has commenced on this. The company is erecting a small stamp mill with sufficient stamps to crush ten tons daily. Six months will be required to complete the mill. Other machinery is being installed and office buildings and bunk houses built.

TOO MUCH FOR LOCAL MARKET.

Southern California Can't Consume All Oil.

Unorganized Small Concerns Must Sell Here.

Local Refiners to Testify in Standard Case.

That there is too much oil produced in Southern California for the local market is plain; that it is consumed elsewhere, and does not at this time affect conditions perceptibly, is also plain. Eighteen months ago the Union was bringing oil by sea from Santa Maria at the rate of about 60,000 barrels a month, but now it is shipping it out at the same rate. The Associated has also begun shipping large quantities from Redondo. Not far from 100,000 barrels a month is shipped by the two companies. This comes to about 1,800,000 annually, or, if continued, this represents approximately the increase in production over last year.

Local Refiners Summended.

F. E. Kellogg, general manager of the British California refinery, and J. E. Martin of the Union Consolidated refinery, were summoned to New York to testify before the authorities investigating the Standard Oil Company. They are to be on hand December 10. It is not known whether any other California refiners or producers are to be called or not.

Petroleum Odds and Ends.

The Associated's pipe line to the Palmer well in Cat Canyon at Santa Maria has been completed, and has started pumping. F. E. Kellogg and W. B. Robb, president and secretary respectively of the Bakersfield Agency, are in the city in the interests of the organization of a producers' agency here. The Santa Fe Railway Company is reported to have bought three-quarters of section 25, township 21 south, range 22 east, from the Santa Fe Midway Oil Company, and it is understood will sink upon the property.

The Canadian Pacific Railroad today refused to carry American cattle through Canada for export. No United States vessel with cattle aboard is now allowed to touch at Canadian ports.

THE OIL INDUSTRY.

Southern California Can't Consume All Oil.

Unorganized Small Concerns Must Sell Here.

Local Refiners to Testify in Standard Case.

That there is too much oil produced in Southern California for the local market is plain; that it is consumed elsewhere, and does not at this time affect conditions perceptibly, is also plain. Eighteen months ago the Union was bringing oil by sea from Santa Maria at the rate of about 60,000 barrels a month, but now it is shipping it out at the same rate. The Associated has also begun shipping large quantities from Redondo. Not far from 100,000 barrels a month is shipped by the two companies. This comes to about 1,800,000 annually, or, if continued, this represents approximately the increase in production over last year.

Local Refiners Summended.

F. E. Kellogg, general manager of the British California refinery, and J. E. Martin of the Union Consolidated refinery, were summoned to New York to testify before the authorities investigating the Standard Oil Company. They are to be on hand December 10. It is not known whether any other California refiners or producers are to be called or not.

Petroleum Odds and Ends.

The Associated's pipe line to the Palmer well in Cat Canyon at Santa Maria has been completed, and has started pumping. F. E. Kellogg and W. B. Robb, president and secretary respectively of the Bakersfield Agency, are in the city in the interests of the organization of a producers' agency here. The Santa Fe Railway Company is reported to have bought three-quarters of section 25, township 21 south, range 22 east, from the Santa Fe Midway Oil Company, and it is understood will sink upon the property.

The Canadian Pacific Railroad today refused to carry American cattle through Canada for export. No United States vessel with cattle aboard is now allowed to touch at Canadian ports.

Over-production for the local market

Times in Germany.
Working people of Germany are facing a year of industrial depression. Hardly a day in which it is not reported from some of the country that working hours have been cut or workmen dismissed. Trade unions are holding conferences all over the country to discuss the situation and to come to some agreement as to the best way to meet the situation. Several of these unions have already petitioned municipalities to take steps to relieve the misery. The coming winter is forward to with the deepest anxiety. About half of the wage-earning class are out of employment, the number being already estimated at 10 persons, which is expected to be increased to 150,000, and perhaps 750,000.

Postmen-Artists.
The postmen of England are possessed by a good artistic ability. Several of them have been in getting their productions recognized in the press and by the committees of a number of art exhibitions. The Art Club in London, for instance, has had only two years ago, now numbers 150 members, and a recent exhibition attracted much attention. The Postmen-General in opening the exhibition called attention to the fact that the postmen's wages are only \$7.50 a week and when they have finished their run, taxes and the various tolls on industry burden the worker in England, they have a little with which to develop their artistic tastes.

Edward for Style.
Edward, though in his seventeenth year, still is a fashion for Europe. His annual visits to the continent are improved by the up-to-date tailors the European capitals to study and make of the various suits he may wear while at entering place. Hatters, hosiers, shirtmakers, makers of undergarments, collar-makers, manufacturers of gloves, makers and jewelers are to carry out the necessary observations of the respective spheres of activity. The King with him to Marienbad more than 100 large for a stay of three weeks, so that he has the choice of clothes from which to choose. It is noticeable that he does not suit on each morning and that he varies of the shirts and hats in the same way. Suits and brown shoes being the only point he professes to change from day to day. Out of ten he wears a red tie. The color of the suit that always corresponds to the color of the shirt, so that a gray suit is accompanied by a green shirt. Many of the colored shirts are made with the collar of the shirt, and the collar is made of the same material and is the same color as the shirt itself. The King wears a white collar on a shirt, but the cuffs are always of the same material as the shirt. The King's handkerchiefs also correspond to the color of the suit he is wearing.

Sunflower Philosophy.
[Author: (Karl) Glicks.]

Men's affairs are always in a critical condition. Men whose children have brought law and daughters-in-law home to live says they did not marry off their daughters to a man who writes to this office to know to what a wife may demand her husband's confidence. It is not that she will not get it, but it is her duty to it. The people are the ones who are the most everywhere, and who are admired and often for no other reason than that they are polite. Use of a little oil in your manners; if used in the right way it will smooth your path in life. If used to excess it is worse than no oil at all.

MUSIC AND THE STAGE.

Thomas Dixon, Jr.'s play, "The Clansman," opened in Los Angeles last evening to a very small audience, but an audience of Southern people who punctuated the tense dramatic scenes with enthusiastic applause, and who missed no true touch in line or action. In Southern California, the "Clansman" is merely a brilliant example of the playwright's art, dealing with the problems and conditions far removed. In the southern part of the United States one can imagine it a rehearsal to inaugurate a reign of terror.

Like the book, it tells the story of the Ku Klux, that secret organization of white men banded for the protection of Southern homes and Southern rights against the newly-freed and power-drunk negroes. The terror of reconstruction and the role of one of the chief figures is Lynch, the black Lieutenant-Governor of South Carolina, with his "carpet-bag" catpaw, the Governor.

The dominant note in the play is the unquenchable spirit of an Imperial race, and in the name of this "Clansman" pronounces condemnation on a quivering wretch and quenches the fiery cross in the blood of the black man's victim. There is much that is fearful and much that is spectacular and picturesque. The force of the play is in the climax that evinces the inherent brutality of construction. The portrayal of negro characters is well enough, and the two faithful negroes, Nels and Eve, as presented last evening by Barry Maxwell and Maude Durand, were admirable bits of comedy, rising to rare dignity in the former when at the end of the second act, "Nels" knocks down the Governor of South Carolina because he has just been told that he is the Governor's equal. "Franklin" who plays the little role, is exceedingly fine in his romantic character of the Clansman, out the rest of the company with one or two exceptions, are far below the merits of the play, and fail to realize its possibilities.

The cast: Dr. Richard Cameron, a Conservative, Gage Bennett; Flora, his daughter, Claire Meresau; Nellie Graham, a daughter of the South. Ruth Hart; Elsie Stoneman, Eugenie Hayden; Helen Lowell, her schoolmate, Edna Davis; Ben Cameron, the Clansman, Franklin Ritchie; Silas Lynch, Lieutenant-Governor of South Carolina, Charles J. Wilson; Freedman's Bureau Agent, Harry Quinn; Mayor, Charles Elliott; William Pitt Shrimp, Governor of South Carolina, Gus Ingles; Jake, the auctioneer's clerk, William Alton; Gen. Nathan B. Forrest, grand wizard of the Klan, Mortimer E. Ritchie; Orderly, John V. McDonald; the United States Commissioner, J. E. Miller; Rev. Ephraim Fox, a negro exhorter, Charles Johnson; Dick, a dark-skinned white man, John J. Finnegan; Aleck, the Sheriff of Ulster, George M. De Vere; Nels, an old-fashioned negro, Barry Maxwell; Earl Lee, Thompson, a Southern Planter, Edward Jackson; Judge Wallace, the old justice, Franklin Ritchie; Gus, of the Black Guard, Joseph L. Sweeney; Eve, Nels's wife, Maude Durand; Assistant, the Radical Leader, J. J. Jordan.

William Vaughn Moody's problematical play, "The Great Divide," is the offering of Lewis S. Stone and company at the Auditorium this week. It is a play of the most intense and absorbing interest, partly because of its theme, partly because of the artistry of its dialogue and its construction. In "The Great Divide," Moody cannot very near to writing a great play. As it now stands, it is a colossal, a magnificent failure. It is not convincing for the arguments that the author puts into the mouth of Stephen Ghent are felt by every listener to be so true. Apparently Stephen cannot convince himself of their truth, and he certainly does not convince the woman he bought and ravished. There can be no true marriage between a man who has the instincts of a cave-dweller and a woman who is a daughter of the Puritan, and when Ruth Jordan puts the chain of nuptials around her neck in the last act, Mr. Moody is begging the question and evading the logical conclusion of his plot. He would have done it, for he knew the twentieth century woman—though, to be sure, he wouldn't have written a play like "The Great Divide."

Mr. Stone does excellent work in the part of Stephen Ghent. The grand awakening of the man's soul is skillfully shown. His sterling qualities are made apparent, but never overaccentuated. Miss Oakley as Ruth Jordan is not so convincing. This is doubtless largely owing to her own youth. With her limited experience of life, she cannot possibly enter into the subtleties of thought and emotion that sway the heart and soul of Ruth Jordan in the wreck and ruin of all that she holds dear. Miss Oakley reads the lines intelligently last night, but hardly more than that. There was not much passion and poignancy in her acting.

Other members of the company are well cast and do good work in their various parts. Mr. Scott as Detlev, Mr. Farren as Philip Jordan, Miss Lewis as Mrs. Jordan, Mr. Clarke as Winthrop Newberry, Mr. Nelson as Lou Anderson, etc. "The Great Divide," it will be remembered, is the play in which Henry Miller has made such a phenomenal success. Next week Mr. Stone will be seen as Sydney Carlton in "The Only Way," another Henry Miller play.

"The Light Eternal" opened at the Belasco last night, for a week's run. The play and the players will be reviewed tomorrow.

Very good holdovers and a number of excellent new things make up the bill at the Orpheum this week, one notable feature being the unusual number of "players" given—three. The best, perhaps, is George M. Coban's "Little Blonde Lady," held over from last week. However, "Uncle Phineas," written by Edmund Day, follows as a close second. Good acting is done in "Uncle Phineas" by Edna Kelley and by the blonde Botha, though the latter is too vociferously violet to get all there is out of her part. Mr. Kelley does the work as the art students and Uncle Phineas, before the open gate, is a delightful bit of burlesque tragedy most cleverly done.

The other playlet is a westerner, "Happ's Millions." This is not a great play, but its palpitating thinness is cleverly inflated by Mr. Morrow and Miss Kellogg, both of whom have pleasant and agreeable voices, the one in a "singing" song, the other in a witty telling all about the fact that this was the first time she had been in the West (Tonopah, Nev.). George Primrose, the veteran minstrel, who first appeared in Los Angeles, in 1879, sang as agreeably as a mellow, well-rounded voice, and with his four "dancing boys" still displays all the little agility of his tinged with the rose of reminiscence, to look at and listen to these burnt-cork entertainers yesterday afternoon. Pearl Dillon sings a few words in a voice that is well trained, though perhaps a trifle unsmiling. The

EVENTS IN LOCAL SOCIETY.

Miss Belle Peacock,

a popular visitor from Hanford, in whose honor many functions are being planned.

INVITATIONS have been issued by Mrs. Hugh W. Harrison of No. 1210 West Twenty-seventh street for a large tea to be given Wednesday afternoon from 2 to 5 o'clock.

Gone East. Miss Margaret Park, who has been the house guest of her cousin, Miss Edith Herron, for the past month, at her home, No. 2107 Severance street, left recently for the East, where she will spend the winter.

Engagement Announcement. Mr. and Mrs. C. W. Holden formally announce the engagement of their daughter, Gertrude L., to James Elmer

Hunt. The ceremony will be performed in January.

Another Betrothal. Formal announcement is made by L. W. Mitchell of No. 2222 Toberman street of the engagement of his youngest daughter, Claudia E., to Ralph E. Homann of this city. The wedding, which is of interest to the many friends of the young couple, will be solemnized this month at St. Paul's Pro-Cathedral.

Another Engagement. Mr. and Mrs. H. C. Hubbard of San Fernando announce the engagement of their daughter, Catherine, to John

Lightner Egbert of Springfield, Mass.

At Marshy Arms. Miss Geneva Johnston, Bishop at a guest at the Marshy Arms, where she will spend the winter.

Christmas Party. Mrs. E. J. Marshall will be a charming hostess Christmas eve, when she will entertain with a merry dancing party at the Country Club in compliment to Miss Margaret Gray of Pasadena and Miss Phila Milbank.

At Home. Miss Elizabeth Knudsen is at home to her friends at the Marshy Arms.

From Brooklyn. Mr. and Mrs. Frank G. Coburn, with their daughters, Frances and Elizabeth, from Brooklyn, Mass., are domiciled at the Vista del Arroyo, Pasadena, for the winter.

For Visitor. Miss Geraldine Miller and Miss Frances Lorry of No. 1413 Harvard boulevard, recently entertained with a delightful dinner party complimentary to Miss Belle Peacock, a charming visitor from Hanford, and also for Miss May Topping of Burlington, Iowa, Edward Kelly, an ardent Dorman of New York and C. T. Kellogg of Chino, Cal. Covers were laid for seven. This is the first of a series of functions to be given for these popular visitors.

Has Returned. Miss Emma Louise Mencer has returned to her home after an absence of six months which she enjoyed in the East.

Wedding Announcement. Friday evening at the home of the bride's parents, Mr. and Mrs. S. M. Woolley of No. 43 East Avenue 23, occurred the wedding of Miss Lulu Woolley to George Rawson. The service was read by the Rev. F. G. Crosey of the Baptist Church. The bride was attended by her sister, Miss Grace Woolley, and N. Van Why supported the groom. Miss Woolley was attired in a handsome gown of pale blue silk and she carried white carnations. The maid wore light silk and carried an arm bouquet of carnations. Mr. and Mrs. Rawson will reside at No. 151 North Eastlake, where they will be at home upon their return from a merry trip.

Theater Party. Mr. and Mrs. Thomas Dack of No. 729 Bonnie Brae street, recently entertained with a theater party at the Auditorium. The guests were Mr. and Mrs. David C. Dack, Dr. and Mrs. Hansen, Mrs. M. A. Stratton and Mrs. George Ferguson.

Dinner Party. Mrs. M. A. Stratton of No. 1663 Florida street, recently gave a dinner party. The house was gay with clusters of roses and greenery. Covers were for Mr. and Mrs. Thomas Dack, Dr. and Mrs. Hansen, Mrs. Benjamin, Mr. and Mrs. David Charles Dack and Mr. and Mrs. George Ferguson.

Miss Campbell Hostess. Miss Lyla Campbell entertained recently with a delightful luncheon in compliment to members of the Sigma Alpha Sorority. The guests included Miss Walter, Miss Vivian Tyler, Miss Hubby Wright, Miss Pearl Cox, Miss Helen Glinther, Miss Tod Kew, Miss Ines Johnson, Miss Irene Smith, Miss Irene Mayer and Mrs. J. B. Glinther.

Surprise Wedding. Much to the surprise of their friends

will come the announcement of the marriage Saturday in San Bernardino of Elmer L. Woods and Miss Kate Collins, both of this city. Mr. and Mrs. Woods will receive their many friends at No. 810 West Tenth street.

Club Festivities. Members of the Asolian Club were guests recently at the home of Miss Pearl Cardell of No. 1023 West Twenty-third street. A dainty collation was served.

RAILROAD RECORD.
FROM CANANEA TO GUAYMAS.
FIRST TRAIN WILL RUN TODAY WITH OFFICIALS.

Communication Now Established Between Green's Great Copper Camp and Other Parts of Mexico by Rail for the First Time—Service To Culiacan, Sinaloa.

Advice was received in this city yesterday that the Cananea, Rio Yaqui and Pacific Railway will inaugurate service over the new line today, and will run a special train from Cananea to Guaymas, carrying prominent Mexican officials and leading men of the road. This will be the first train ever to cross the divide of Cananea, and is of great importance to the entire section through which the line passes. It will open to settlement and trade a vast area of territory which has heretofore had inadequate railroad facilities, or none at all. The Cananea, Rio Yaqui and Pacific is a branch of the Southern Pacific in Mexico, and passes through a mineral and farming district of great value. Shipping to Cananea district and all to the east of it which has heretofore been difficult, will now be facilitated and should greatly increase the commercial relations of Los Angeles and the northern part of the west coast. The completion of the branch to Guaymas where boats can be taken for various ports will be a great boon to shippers of Northern Mexico, as new markets will be opened up for ores and other commodities. From Guaymas ore, which on account of carrying minerals for which the smelters at Douglas and El Paso charge penalty, can now be shipped to Swansea, Wales, where full price is paid and this alone will mean a saving of large amounts to many mine owners. For the first time Cananea now has direct communication by rail with other parts of Mexico.

Official authority for the running of trains has been secured from the Mexican government, and the schedules to be maintained approved, and on the opening excursion many prominent officials of the government will be guests of the road.

Tunnel Is Delayed. It will require another week to finish the work on the tunnel of the Los Angeles-Pacific Railway, between Sunset Boulevard and Temple street, according to officials of that road who state that there is yet a small amount of core to be taken out and the masonry work, including the retaining wall on the Sunset Boulevard side to be finished. This retaining wall is being completed as rapidly as possible and the work of cleaning up and laying temporary tracks through the tunnel construction can be brought to the other tunnel which will be started as soon as trains can reach it, is being run.

in length and will employ 200 men. Three months will be required to finish the work on the tunnel to finish it at the same time with the tunnel.

Service to Culiacan. The latest official time table of the Southern Pacific shows a schedule of about seventy-two hours between Los Angeles and Culiacan via Nogales and Guaymas. It is as follows: Leave Los Angeles at 1 p.m., arrive at Tucson 5:55 next morning, leave at 2:30 p.m. and arrive at Nogales at 8:20 and stop overnight, leaving at 7:10 a.m. arriving at Guaymas at 6:35 and leave 7:30 p.m. Culiacan is reached at 1:05 p.m. the following day. A standard sleeper runs daily. It will be seen that the time could be reduced about eighteen hours by cutting out the stopovers at Tucson and Nogales simply by making sharp connections.

Quick Handsburg Service. By stage connections with the Espino's Mojave-to-Keller line the Handsburg people leave that camp at noon, and arrive in this city by the valley day train at 8:30 p.m. By the Santa Fe they had to do much of their travel by night and had a longer trip. Returning home the convenience is not so great as the trains do not connect well at Mojave and the Santa Fe is generally taken.

Excursion to Mexico. The Southern Pacific will run a special excursion between San Francisco, Los Angeles and Mexico City December 15, and from present indications a large number of well known Los Angeles business men and their families will make the trip. Thirty days will be spent in Mexico, and side trips are planned to Cuernavaca, Orizaba and the ruins of Mitla and many other interesting points.

The excursion train will include six sleepers and will run solid through to Mexico city. Reservations have already been made for two sleepers from this city which is expected to send between 200 and 300 people in the party.

Providing for Sympathy. The lawyer was drawing up old Furrow's will. "I hereby bequeath all my property to my wife," dictated the son of soil. "Got that?"

"Yes," answered the lawyer. "On condition that she marries again within a year." The legal light sat back puzzled. "But why?" he asked. "Because," was the reply. "I want somebody to be sorry I died!"—Exchange.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER.

See how the cream has been used on the face of a young woman. It has been used for a long time and the result is a clear, smooth, and glowing skin. LARGE AND SMOOTH. FINER FRUIT IF NOT SO MUCH.

HIS IS REDLANDS REPORT OF
ORANGE CROP.

Three carloads of new season's production shipped East are better colored and sized than ever before—Pineapple Blossom to Mother Mary Joseph.

REDLANDS, Nov. 30.—The first car of oranges for the season of 1908-09 went out Saturday from the Redlands Golden Orange packing-house. The season is late this year, the first going forward last year on November 15, just thirteen days earlier, but never before has the first car contained as fine a crop in general as this year's crop in general is particularly large and smooth and it is beginning to color rapidly, so that it seems likely considerable fruit will be shipped East for the holiday trade.

Several of the packing-houses have picked in the orchards, and tonight the Randolph Fruit Company shipped the second car of the new crop. The Golden Orange Association also shipped another car out. This year's crop is not nearly as heavy as last year's, but if anything the fruit is better.

BLESSED MONUMENT.
The monument erected by friends and by children of Sacred Heart School over the grave of Mother Mary Joseph at Hillside Cemetery was unveiled and blessed yesterday afternoon at 4 o'clock. It was imported from Italy and is a representation of the saint in a section. It is made of Carrara marble and is twelve feet high.

The ceremony of blessing the monument was performed by Rev. Father Clifford of St. Thomas Church, Los Angeles; Father Hahn of Banning; Father Edward of St. Joseph's Church, Los Angeles; Father Maloney of St. Agnes' Church, Los Angeles; Father Murphy, Hollywood; Father J. J. Linderberger, Los Angeles; Father Brady, San Bernardino; Father Cain of Riverside and Father Scanlon of San Francisco. Rev. Father T. J. Fitzgerald of the local church acted as master of ceremonies. At 7:30 o'clock there were solemn vespers at Sacred Heart Church, and this morning a solemn requiem mass was sung by the clergy.

FOUR AMATEUR PERFORMANCES.
No less than four amateur performances, both music and dramatic, will be put on at the Wyatt Openhouse this season. The Spinet Musical Club will give "Pinafore" late in January, with Edwin E. Tarbox directing. Mrs. Henry Fisher, a popular society woman and vocalist, will sing Josephine. Soon after Lent a coterie of practically the same society and musical people will put on "Patience," another Gilbert and Sullivan production. That will be given at the Wyatt Openhouse. The settlement of the consumptive camp. The local lodge of Elks will put on the three-act comedy, "Nobles before Lech." This is being arranged by Carl Smith, who has not yet announced his cast. The local lodge of Red Men proposes to put on a comedy late in the winter, though it has not decided on the play yet.

MERCHANT INJURED.
George E. McKenzie, proprietor of the fruit stand at the Pioneer market, fell from a broken ladder this morning and sustained a broken wrist, a bruise on his chin and a skinned head. Mr. McKenzie was on the top of a ladder in the back of his store getting some paper bags from a top shelf, when the ladder broke and let him down with great force on the stone floor.

Wilshire, Westlake or southwest property. See Althouse Bros., 430 S. Broadway.

If your stomach is off, go to Arrowhead and drink the natural hot water. The most curative water.

FUNERALS OF VICTIMS.
Santa Paula Suspends Business While Last Sad Rites Are Paid to Three Boys.

VENTURA, Nov. 30.—At the inquest held over the bodies of the three Santa Paula boys, who died Thanksgiving Day in the mountains, a verdict was returned that death came from exposure and exhaustion. It developed upon investigation that one of the boys, John Blase, had his neck broken. His body was found lying several hundred feet from those of the two Thompson boys. Young Blase, from the position of the body, it was shown, broke his neck by falling forward on his face and doubling his head under him. He had not fallen down any declivity, but along and weary, he had stumbled down and fell on the rough ground. Two boys plunged to rise and the other barely knowing what they did nor where they were going. A little further along they passed away where the boys reached. It is thought now that the boys were overtaken by a severe storm of rain and snow, which reached the young men, until they were when they started back a long time, and late, no doubt, and they attempted to take the shortest cut possible, and go straight through the thick brush and chaparral. Their clothing, especially that of the youngest boy, Cuba Thompson, was much torn. The business of Santa Paula being practically suspended.

"Chop Suey" Sing, who has been running a "blind pig" near the depot for more than a year, and who hitherto foxily evaded all efforts to capture him, was rounded up this morning by Marshal Russell and pleaded guilty. He was fined \$100, with the alternative of seventy-five days in jail.

Mrs. Maude Clover Bradt of Oswego, Kan., grand-daughter of Mrs. Elmer Clover of this city, who was well known here, died in her Kansas home on Saturday night, after a short illness. She had been married but a few months.

Fishermen at this point made yesterday a catch of 3500 pounds of barracuda and 2500 pounds of halibut. The fish were shipped to Los Angeles.

Arrowhead Hot Springs, the hottest springs in the world, 196 deg. temperature.

COLTON.
COLTON, Nov. 30.—Carl Otto, father of Mrs. E. G. Palmer, died at the home of his daughter on Eighth street last evening at 6 o'clock, aged 89 years. The remains will be taken to St. Paul, Minn., for interment.

Harry York, Al Wien and C. Russell left today by automobile for Tompala, Mex.

NEW WAY TO ENTERTAIN.

Colton Hostess Scratches Face
and Pulls Hair of Married
Guest.

COLTON, Nov. 30.—While a guest at the home of her friend, Miss Lulu Redman, on Fourth street, Mrs. Robert McCoy was treated to unlooked-for entertainment, in the shape of a beating by her hostess. The trouble is said to have arisen over a young man.

The attack was so sudden that Mrs. McCoy had no chance to defend herself. She was scratched on the face, her hair pulled out and her clothing was torn.

GOES TO THE COUNTRY.

Los Angeles Man Exchanges City Home for Alfalfa Ranch at San Jacinto.

SAN JACINTO, Nov. 30.—J. H. Dunkley of Los Angeles has purchased the G. W. Miller twenty-acre improved farm on East Main street, consideration, \$5000. As part payment Mr. Miller receives a house and lot in Los Angeles valued at \$4000. The balance of the purchase price, \$1000, is a cash payment. Mr. Miller bought this place about a year ago for \$3000. The property is improved with a commodious house, pumping plant and cement reservoir and is set to alfalfa.

Mr. Miller has received word from his brother, Ben, who spent the summer in Switzerland, that he will leave this week on his return. He will be accompanied by his mother and sister and by his newly-made bride, a sweetheart of his boyhood days.

Three cars of lumber will arrive this week for the Lake Hemet Water Company to be used in replacing about four miles of treated water in the main flume from Little Lake east to the Saunders orange grove. A car of asphalt will also be used in coating the big main flume.

Under the supervision of Forest Ranger Lovelace the United States Forest Service will set out an experimental grove of eucalyptus trees at the Ranger station above Valle Vista in the San Jacinto Canon.

Miss Anderson has been employed as a teacher to fill the vacancy caused by the resignation of Mrs. Bertha B. Brown on Latham avenue, Hemet.

Electric cars from San Bernardino to Arrowhead Hotel.

Swanfield's tents, 220 S. Main.

BECOMES SHOW PLACE.

Exterior and Interior Improvements at St. Boniface Indian School, Banning.

BANNING, Nov. 30.—Now that hundreds of ornamental trees, planted several years ago, have reached a good height, and a vast acreage of bearing orchard has matured, the St. Boniface Indian School and its environment, has become one of the show places of Southern California. The school was founded in 1880 by Miss Willis, a philanthropist. Hundreds of Indian pupils have been graduated there in the ordinary common school branches and industrial work.

For several years after the school was started, the policy of the government was to give a fixed sum for the tuition of each Indian pupil enrolling. This was discontinued, and the school is now maintained by Catholics in all parts of this and other countries; special offerings being made for the maintenance of the mission schools of California.

COMPETENT INSTRUCTORS.
The school is in charge of Rev. F. F. Hahn and the classes are taught by competent instructors. No tuition fee is charged, the institution being beneficent in character. Over 100 pupils are in attendance. The boys and girls have separate buildings. When the school year ends, the boys are given valuable instruction in agriculture and horticulture, as well as the manual arts and the domestic arts of housekeeping. The landscape gardener in charge of the grounds has proven beyond doubt, do well in the higher altitudes. The grounds contain many beautiful and rare plants, which are monuments to the magic touch of the California sun upon a combination of soil and water.

Meet me at Arrowhead Hotel.
Stack covers, Swanfield's, 220 S. Main.

ELGINORE MAKES WINE.

It Also Ships Pickled Olives, Oil, Clay, Coal, Granite and Building Stones.

ELGINORE, Nov. 30.—The output of the Mission Winery, owned by George Yung, is 22,000 gallons this season. He used one-third of the grapes grown in the valley.

NEW CANNING MACHINE.

A new canning machine is being installed at the Lakeland ranch on Grand avenue, in the big olive mill, by J. C. Ramadale. No solder is used in the operation, seals fourteen cans per minute. The picking of olives is finished and the oil run is under way. The State, has a capacity of fifteen tons per day of ten hours.

CLAY SHIPMENTS.

One hundred city carloads of clay were shipped this month from the Alhambra beds. About forty men are employed in the clay and coal mines.

A new stone quarry is being opened up by McClintock and Gehring in the Little Rockies north here.

Steven Connally has twelve men working in his granite quarry in the same locality. He ships several carloads of dressed stone per month.

Mr. and Mrs. T. D. Barnett left this morning for the Imperial valley, where they will spend the next six months with their children.

Edward Phelps of Garvanza, who has spent two weeks as the guest of Mrs. Colton, returned home today.

Spend the week end at Arrowhead Hotel.
Awnings, Swanfield's, 220 S. Main.

SPORT OF STORM.

SNOW DRIFTS OVER HIS BODY.

INJURED MAN, UNABLE TO MOVE,
SUFFERS TERRIBLY.

Falls From Wagon on Desert, Lays Disabled Throughout Night and When Found Is Numb With Cold. San Bernardino Conductors Dismissed by Santa Fe Railroad.

SAN BERNARDINO, Nov. 30.—Arthur Wood, a teamster for a desert mining company, was brought from Leontask this morning severely injured and also suffering from exposure to the intense cold on the desert.

For seven hours last night Wood lay disabled. He had sustained internal injuries which made it impossible for him to move. A heavy snowstorm swept the region, and before being found at daybreak he was numb with the cold.

On the Salt Lake train, coming to town, he received medical attention and at Otis a railroad doctor got aboard and came with him to the hospital. The doctor took charge of the case, he being a member of the San Bernardino Hospital, where he is now under treatment.

CONDUCTORS DISMISSED.

Wholesale dismissal of conductors on the Santa Fe overland and local, with runs out from Los Angeles occurred here today, seven conductors being discharged, among them being Fraser, Plank, Miller, Cowan and Chase. In each case the charge is alleged to be in connection with the company for terms ranging from fifteen to twenty years. It is said that for several weeks the company has had its secret service men at work, but even the officials were not prepared for the exposures which followed.

William H. Krissler, a mining machinery man, was lodged in the County Jail this morning, charged by John Denair of Bagnidge with burglary. In having, according to the complaint, broken into the Orange Blossom pumping plant on the 21st inst., and stolen several pieces of machinery. The record of the accused wrote a post card from Los Angeles to the mining company, telling where the machinery could be found.

CASE DISMISSED.

W. H. Williams and John Lampert, accused by J. E. Meyer, a Los Angeles broker, with having defrauded him in a mining deal, were discharged from custody by Justice of the Peace Thomas this afternoon, at the conclusion of their preliminary examination. During the argument the District Attorney asked that Williams be held, but stated his willingness to have the charge against him dropped.

Word was received today of the destruction by fire of the Salt Lake depot and pumping plant at Afton, thirty miles east of Ogden, on the desert, together with a car of oil, which was placed in the big tank at the depot. Shortly before the flames were discovered. The flames were vigorously fought by the big tank at the depot, but were powerless, a high wind soon sweeping the flames over the buildings, which were reduced to ashes.

OIL INDICATIONS.
Great interest is being taken here in reports that oil-bearing sand has been encountered in several wells in the Coachella Valley. A group of local men, interested in that section, is preparing to expert the land for petroleum, and for this purpose drills have been ordered from Los Angeles. It is expected that active development work will commence within the next two weeks.

Today news was received that the discovery of oil indications in the valley has caused excitement, and many locations are being made.

BAH JOVE!

GOES HUNTING.

TAKES VALET.

WEALTHY BRITISHER ALSO HAS LOTS OF "LUGGAGE."

Londoner Will Try to Get Mountain Sheep in Lower California—Many Prominent Easterners Arrive at Hotel Coronado for the Winter Season.

CORONADO, Nov. 30.—Many prominent persons from the East are arriving at Hotel del Coronado to spend the winter season, as has been their custom for years back. A distinguished personage now there making ready to go to the mountains of Lower California to hunt sheep, is H. B. Blagrove, a wealthy landowner of England. He is accompanied by a valet and a full complement of baggage. He is one of the crack rifle shots of England and regularly spends his winters in Southern California.

Mr. and Mrs. William S. Vawter of Santa Monica, with four guests, came down in an automobile Saturday night and spent Sunday visiting places of interest. Mr. Vawter was accompanied by Mrs. M. E. Myren and daughter, F. J. Townsend and H. B. Summerfield. Mr. and Mrs. A. G. Cushman of Lake Cushman, Wash., are stopping at the hotel. Mr. Cushman is a brother of Senator Cushing of Washington, and is one of the lumber barons of the Northwest.

B. P. Cheney, the wealthy Bostonian, who married Julia Arthur, the actress, is a guest at the hotel, accompanied by Mrs. Cheney. They will spend some time here, as Mr. Cheney will make a thorough inspection of his land holdings, which extend from National City to the Mexican line. Yesterday they gave a luncheon at the hotel in honor of Mr. and Mrs. John E. Boale of National City.

Arrowhead Hot Springs, new management, American plan.

SANTA ANA. CLOPTON'S AIR DIRTY LINEN.

DETAILS OF FAMILY ROWS ARE
TOLD IN COURT.

Sordid Story of Waiting for Dead Man's Shoes and an Attempt to Marry Young People So That Money Should Not Be Lost—Rockpile Gang Strikes.

SANTA ANA, Nov. 30.—Hugh Clifton would not marry Lois Seate, and so, said Mrs. Marie Shoebright on the witness stand in the Superior Court today, came the family row that resulted in the separation of Col. Hoggatt Clifton from Mrs. Jennie Clifton, a society woman of Long Beach, and the institution of the suit of the latter asking for \$300 a month maintenance and \$5000 attorneys' fees. Mrs. Clifton until today occupied the fore front of the sensational case now on trial here. Now comes the hearing of the defendant, Col. Clifton, a wealthy Southern planter, whose home is now in Huntington Beach with his foster parents, Messrs. Seate and Pearle.

Mrs. Clifton's story was that the chief cause of trouble in the Clifton family was because she did not do as she says they prevailed upon Col. Clifton, who is well along in the seventh decade of his life, to marry her.

"DEVIL COULDN'T STOP HER."
Mrs. Shoebright, the first witness for the defense, told what Col. Clifton and his foster children claim is the inward story of the courtship and the first few weeks of married life.

Mrs. Shoebright said she had repeatedly heard Mrs. Clifton, then Mrs. Seate, declare just before marrying Col. Clifton here on June 17, 1905, that she had heard that the children had negro blood in their veins, but she loved them, she loved Col. Clifton, she did not care if the foster children were black as the ace of spades, which they are not, she would marry the colonel anyway and the devil himself couldn't prevent her.

According to Mrs. Seate was to get one-fourth of Col. Clifton's wealth on his death, which was apparently expected to take place within three months after the wedding. But the colonel died.

Mrs. Shoebright said she had repeatedly heard Mrs. Clifton, then Mrs. Seate, declare just before marrying Col. Great Clean-Up Sale

\$50,000 High Grade

Men's Wear

The greatest clean-up sale in the trade history of Los Angeles. We have bought and had consigned to us 18 mammoth stocks in the past eight months and intend to close out the balance of the stock before New Year's.

No Half-Hearted Methods—No Reserve—No Limit—Everything Must Go

Men's Clothing at 1-2 and Less
Men's Hats at 1-2 Price
Men's Furnishings at 1-2 and Less

Read the Partial List of the Many, Many Bargains

\$6.95 For \$10.00 suits. All wool worsteds and chevots, in black and dark colors, mixtures and plaids in single and double-breasted styles. 1000 to choose from.

\$9.85 For \$15.00 suits. Full hand tailored in all-wool tweeds, chevots, cassimeres, serges and union worsteds. All colors, black and blue. Sizes to 50-inch bust measure.

\$2.45 The king pin price. Choice of 2000 pairs of business and dressy pants, hand tailored, custom patterns and materials. Values to \$4.00. Some even better. Come early.

64c Linen collars. This line consists of the celebrated Arrow and Cluett brands. All the shapes and styles. Sizes from 14 1/2 to 20.

85c For golf and negligee shirts—Monarch, Silver and Gold brand. Regular lines; all sizes; value to \$1.50. To close out quick, we let them go at this low price.

15c 25c grade Sea Island Boston garters, with velvet grip. All colorings; no limit. All other garters, the same proportionate low cut.

\$2.95 \$5.00 and \$6.00 John B. Stetson celebrated soft and stiff hats. These hats are positively the best in the world, and come in all colorings and shapes. It is a shame to sell them at this price.

\$1.85 \$3.00, \$3.50 and \$4.00 soft and stiff hats in all the latest shapes and colorings. These hats were made especially for us; in itself a guarantee of their excellence, but must go.

90c Just think, at this season of the year! Men's \$1.25 and \$1.50 wool underwear. Not a lot of odds and ends, but nice, clean up-to-the-minute stock. Good variety of colors and weights.

\$1.95 Men's and Youths' \$2.50 and \$3.00 shoes, and lots of odd pairs from our gigantic stock. Not all sizes of any one style, but we are sure we can please you. Be in a hurry and get first pick. They won't last long. Not a few odds and ends, but strictly high-grade goods made for the most exacting trade.

The Cut Rate Clothing Co. is an institution in a class by itself—dealing only in manufacturers' surplus and bankrupt stocks, often securing same as low as 35c on the dollar, and always selling to the buying public at the same low rate.

GOOD STATEMENT.

While the call for a statement of

condition on Friday last

came as a great surprise to the

local national banks, all make a re-

markably healthy showing. The de-

tails of the call is most unusual one,

most of the national banks were not

expecting a call for a statement until

the first of next week, but this

has been a year of surprises at the

seemingly to take a delight in hand-

ling out.

A total of \$42,125,710 is shown in de-

posits compared with \$41,306,685 for the

same item on September 23, when a

statement was demanded. This is a

shrinkage of \$818,925, but is partly

explained by the withdrawal of a large

quantity of currency from the banks

money, and also by the fact that taxes

have taken a great amount of cash.

Loans represented a total of \$25,297,747

on November 27, compared with \$25,

447,409 on September 23. Cash on hand

has increased by \$1,555,821, making \$17,

\$852,821 compared with a total of \$16,

\$251 on September 23.

The last item shows that the local

national banks hold, in the aggregate,

quotations, and no trading in any of the

commodities was reported on the

entire day on the mining call.

SAN FRANCISCO LIST.

SEVERE BREAK

CAUSES SLUMP.

Lack of shipments and low rate

for silver affects Tonopah, while

Goldfields also show heaviness.

Strike Reported in Goldfield

Consolidated Red Top Lease.

Special Service to the Times by R. F. Taylor.

San Francisco, Nov. 30.—The market

opened with signs of strength, but

closed after a severe break in all the

commodities, and the closing was

the lowest since the beginning of the

month. The low price of silver was

the main factor in the decline, and

the market was generally weak.

The market was generally weak.

The market was generally weak.

The market was generally weak.
